Art Unit: 1714

The amendment received 17 January 2006 has been made of record. Claims 1-18 are pending.

The rejections under 35 USC 103 contained in the previous office action are withdrawn in view of applicants' arguments and amendments.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1, 3, 10, 12 and 2, 4-9, 11 and 13-18 through their dependencies are indefinite. Claims 1, 3, 10 and 12 variously recite "a filler containing 60 wt% or more of silicic acid or a silicate" and "wherein the filler is silicic acid or the silicate is perlite, white carbon or acid clay".

The first recitation makes it unclear as to whether, when the filler comprises silicate, it must contain 60 wt% or more of silicate.

The second recitation makes it unclear whether the silicate is considered as a filler.

Appropriate clarification is required.
